Moving Forward after the Earthquake

For 17 months following the devastating January 12th Haiti earthquake, we've worked tirelessly to rebuild 85% of our schools and buildings, and provide ongoing relief. More than two-thirds of all donations earmarked for the earthquake have been spent on these efforts. Now we can complete our recovery by focusing on staff development, increased agricultural programs, and educational excellence for our schools. Thanks to the record breaking participation in last year's golf classic, we raised \$240,000 that we used for:

- \$23,000 in recovery grants to 29 students and parents;
- \$100,000 toward rebuilding our Becky DeWine High School;
- \$17,000 for food kits to 1,200 elderly;
- \$75,000 toward the rebuilding of our volunteer headquarters;
- \$25,000 to expand our agriculture programs.

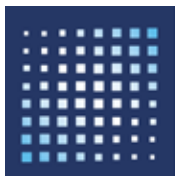

How we will use your gift to the 2011 Golf Classic

We face tremendous challenges as we enter the 2011-2012 fiscal year. Our Becky DeWine school system is overpopulated and undisciplined; it demands a complete staff and student overhaul, as well as intensive teacher training and formation. We need books, computers, more teachers, uniforms, volunteer assistance and a vibrant curriculum with sports, language and arts programs. We will invest more in our agricultural projects and increase the number of young people and village farmers benefitting from our Clarke Farm project.

Proceeds from the Golf Classic will help us with these needs through the following projects:

- **Becky DeWine School**
 - Purchase books, supplies for student ID cards, purchase uniforms, and fund teacher training and administration formation sessions.
- **Job Creation Projects**
 - Identify small business initiatives and provide the seed money and materials. Already we funded a bakery, and 29 small market projects that move people away from a dependence on HT.
- **Volunteer Program**
 - Complete volunteer residence construction, support volunteer training programs and on-site mentoring.
- **Agricultural Projects**
 - Fund two graduates of Earth University to staff our Clarke farm, expand irrigation to the participating farmers' villages, establish mango crop and markets for new crops.

We Salute Matrix Development Group
for donating Jumping Brook Country Club.
